- ✓ **7 Client Grabbing Ad Frameworks:** These are the exact frameworks we use for our \$10,000 a month clients, which we use to get them up to 700 pre-sold appointments a month.
- ✓ **Video Breakdowns:** So you can truly understand the framework, why it works, and how you can implement it right away to start bringing in more leads and clients this week.

### Framework #1 - \$397 Value

- ✓ **Walkthrough Of Our Agency Case Study Funnel:** This Framework walks through my most successful Agency Funnel which brings in clients for \$4 - \$10,000 a month. It's a simple Case Study funnel I put together and I go over the whole thing, the ad, the optin page, the case study, the booking page, and the homework page.
- ✓ **Full PDF Breakdown:** This framework has a full breakdown of the targeting we used, the cost per lead, cost per booked call, earnings per booked call and so much more.

### Framework #2 - \$197 Value

- ✓ **"The Demonstration"** This Framework walks through an ad & webinar funnel that brings in High Ticket Clients every single day using what I call "The Demonstration Ad" which establishes your expertise and presells your targeted prospect way before they ever click on your link. I breakdown the ad, the sales funnel, and so much more.
- ✓ **When you do this ad correctly, you're able to close a lot higher whether you're on the phone or if you send them to a regular order form.**

### Framework #3 - \$197 Value

- ✓ **"The Trojan Horse"** Imagine flying under the radar of even the most skeptical prospects in a very jaded market, well this is exactly what this framework does, and that's why we call it the Trojan horse. This ad is attached to a funnel that does \$30 Million Dollars in Sales a year and we break it all down for you on Video.

### Framework #4 - \$249 Value

- ✓ **"Simple Works"** We go over some of the best Facebook Ad Copy you will ever see, which leads to an extremely simple funnel that's currently bringing in over \$350,000 a month in sales. When you see how this copy is written, you're going to be forced to try it yourself..(and you're going to make a ton of money from it too!)

### Framework #5 - \$49 Value

- ✓ **"Template"** This ad & funnel gives prospects a template to make them get a specific result easier. People love templates, so you're able to get cheap leads and pick up clients quickly.

### Framework #6 - \$129 Value

- ✓ **"Let Me Prove It First"** Want to pick up clients without having to sell too hard? Well you can run this "Let Me Prove It First" campaign which will take all the risk away from the client and make it an easy sale for you. Now you have to do this right or it won't work, so make sure you watch the full video.

### Framework #7 - \$179 Value

- ✓ **"Branding + Retargeting"** This ad framework allows you to bring prospects through a specific set of videos that presell, establish authority, then finally ask for the prospect to book a call.

- ✓ You're able to establish goodwill, show them that you're legit, and ultimately close at a much higher price point because of this.

**Total Value = \$1,397**

Working with **Mike** has been more than just him killing it with FB ads. He's also been really helping us with dialing the funnel in.

His expertise is beyond mine and he allows me to focus on other aspects of the business because I know he has the ads and is paying close attention to what's happening so we can continue to build the funnel and make it as profitable as we possibly can.

I only wish I would have talked to him a year ago... but can't go back in time, so I'm super grateful for your help and experience Mike.
