Hello everyone, I've purchased a 2.5 million campaign. I've received 78 optins to my business. They are on the free trial of the business! I like the price & the optins so will do it again! The staff did a great ad write up on my splash page!

Very helpful and responsive to my questions. Made the process of setting up a campaign very easy. Sales began slowly, but then picked up. I realized that I needed to choose a product/service with a higher \$ commission amount to get a good return on my \$300 investment.
