

25th January 2020

Hello,

I bought the Brestogen cream on 7th Dec 2019. My order ID is: 201912071246-011422. I have used it for the 45 days and have not seen any change in size or firmness of my breasts. My size was 36A before the 45 days and is still the same. I even measure the fullest part of my breasts without clothes on and it was at 38" and is still the same (you will see that the pictures verify this). I am sad about this – I really wanted it to work and not need a refund. But, as it hasn't, I would like a refund according to your refund policy.

I am including a copy of my driver's license, front and back, this sworn statement that there has been no change in size or firmness of my breasts and before and after images (as well as my breast size as stated in the first paragraph). I believe this is all the information you need for the refund. If there is anything else you need, please let me know.

Thank you for your help.
