Dear Zaraka Co./Online Tech

The fascial massage gun, model KH-320, purchased on 12/31/2019 is no longer functioning. Something is rattling around on the inside and it no longer functions.

The invoice ID is c12180826751055.1

I have attached the purchase confirmation information from my PayPal account. At the bottom of the statement is clearly notes this purchase may be eligible for PayPal protection through June 27, 2020.

I used this only about 3 months after a week or two to deliver and a week or two to get around to sending email.

I would like some resolution other than having made a poor choice to buy your equipment.

Sincerely,

Matt Huber

Hi Matt Huber,

Thanks for your email.

We really want to help you, but would you like to provide an image about product and parcel package?

We will give you the best solution as we checked.

Have a nice day!

Sally Sha
