To be able to come ,see,test and make a deal for it face to face,i need the report so i can pass it to my loan officer and make sure he will allow me to buy it.I need the report because the loan company ask for it please go to <https://globaltitlereport.com/> and get one. will not make sense for me to get one because i can`t re use it like you can , you will be able to give it to all you potential buyers , me on the other hand if will not be ok i will gave to look for a new vehicle and get a new report .

I know is only \$25 but if i have to run 5 reports until i find an ok report where will i be ?

If the report will be ok you can consider it sold.

regards

P.S if is about the money i will add the \$25 to the final price
