Hi there,

I'm sorry about that. To clarify, we don't offer any package where you can get access to multiple logos for one-time payment. If you're looking to purchase several logos from our website, the best we could offer you is \$8 for each logo. Note that our logos can only be purchased on a subscription basis. So once you purchase a logo, it will automatically subscribe you to a Premium Account. However, since you mentioned that you won't be needing the design tools that I've mentioned, we can just cancel your subscription once you're done downloading all the files that you need, to ensure that you won't be charged for the next month.

Hope that's clear. Let me know if you have any questions.
