We Have Your Report!

Report number: 134228583

Thank you for filing a report with the Federal Trade Commission and helping to fight fraud in your community.

The FTC does not resolve individual reports, but your report will be entered in the FTC's Consumer Sentinel database and will be available to federal, state, and local law enforcement across the country.

Your Next Steps

If you paid a scammer with a gift card:

1. **Call the gift card company immediately.** You can find contact information for some card companies [here](#). The sooner you contact them, the better the chance you have of recovering some of your money.
2. **Try to find your receipt from when you bought the gift card.** It could also help you recover your money from the gift card company or help if you report the scam to the store where you bought the card.
3. **Save the gift card.** You'll need the card number when you talk to the gift card company.
