

1. I was induced into making a \$90,000 investment in Global A Brands, Inc, (GAB) based on material misrepresentations made by William O' Rourke (aka Billy) who is the President and COO of the company regarding the outcome of investments made by other investors. Attached are the Executives of Global A Brands, the Subscription Agreement, Outgoing wire to GAB, and Certificate of Shares issued by VStock.

2. Billy issued a Promise to Pay and I have been met with unfilled assurances on 5 different occasions that my investment would be returned to me by Billy, Timothy J Alford (aka Tim) who is the Chairman of GAB, and Manny A. Lopez (aka Manny) who is the CEO of GAB.

3. This offering is a scam because:
 - (a) misrepresentations and claimed accomplishments were made to induce the investment,
 - (b) the sales documents were misleading/inaccurate
 - (c) failed to verify that I'm an accredited investor,
 - (d) did not disclose that the company was not in good standing and Billy admitted that Tim stole \$1.5MM from GAB,
 - (e) failed to file Form D within 15 days of first sale, and
 - (f) quoted me future price per share.

4. I read Securities and Exchange Commission v. Thomas Carter Ronk, No. 1:18-cv-8908 (S.D.N.Y filed September 28, 2018) and it appears Tim/GAB are also peddling securities to investors to manipulate the market. I believe Tim is doing so via these companies: Gammarey, Inc, Spark Capital Investments, LLC, AD Securities America, LLC, Mingta Capital, LLC, Freedom Holdings, Inc. Attached is the Stock Purchase Agreement Recission with Freedom Holding and 2 separate articles involving Tim in other financial scams. Tim also made a \$17,000 charge to Freedom Holdings on his Executive Assistant's American Express card sometime in Feb – Apr 2022.

5. List of contacts including: those who conspire with Tim/Billy and Manny Lopez, witnesses to the scam and other investors of GAB.
