Quality Ads Marketing Min Click Guaranteed for 8 million Solo Ads Sent 7 Times is 40,000 clicks.

I ordered 6 orders of 8 million - 48 million Solo Ads Sent 7 Times over 14 days, 336 million total emails sent in that timeframe and Mike Pinder of QA confirmed this was accurate & would be done – see QA Email Correspondence > email # 10.

would use on future lists.

Hello everyone, I've purchased a 2.5 million campaign, I've received 76 optins to my business. They are on the free trial of the business! I like the price & the optins so will do it again! The staff did a great ad write up on my splash page!

Very helpful and responsive to my questions. Made the process of setting up a campaign very easy. Sales began slowly, but then picked up. I realized that I needed to choose a product/service with a higher \$ commission amount to get a good return on my \$300 investment.
