Hi,

This is not right!

Attached is an image of a Vue that I finished and should be paid for. First the address of 55 xxxx was of the entire street and was wrong. I took pictures of EXACTLY where it indicated. While I was taking pictures of the house the owner drove by and talked to me and told me that the address I had was for the entire street. There was no sub number specified in the address data. Secondly, when you sent it back yesterday it was greyed out with no option to modify or resubmit. It did not fail normally or fairly!

I absolutely deserve to be paid for my time, effort, and work and I should not be penalized for being given wrong data, ESPECIALLY when the data specified a location adjacent to a cemetery!!

Lastly, the park further down the street had no signage of relation to Latter Day Saints AND was full of little boys and teenagers playing football!! Even if the address had been correct ****I AM NOT GOING TO TAKE PICTURES OF KIDS**** or attempt to take pictures of kid activities while being done on any property!!

Again, I deserve to be paid for this or I will contact the Ohio Department of Wages & Standards!
