

Weston Park at Longwood Station violated the Florida eviction 24 hours vacate property notice and lied about giving me a chance to retrieve my personal belongings and medical medications. My apartment locks were changed without giving me 24 hour eviction vacate notice. I contacted an attorney and he researched that the 24 hour vacate notice was never served and that I should have been given a 24 hour notice to vacate before the locks were changed. The property manager named Jordan stated that my items and my family belongings would be put on the side of the street within 24 hours. However we drove around the property three times a day for two weeks looking for our belongings after two weeks I called the Seminole county police and he escorted me to the property management office and the police officer asked Jordan what was the process if a tenant gets evicted he told the officer that he would place the items on the side of the street within 24 hours and that I never came by to get my items and family items, (I drove by the property three times a day for two weeks) (My wife and I drove by the property on Tuesday and she noticed our furniture in the storage area) The police officer asked Jordan if we could check the storage area for my belongings and Jordan called a maintenance man to open the storage unit for us and we walked to the storage unit and yes our furniture was inside and there was another maintenance man standing there and I immediately asked him about our clothes and personal items and he said that Jordan the property manager told him to throw my items and family belongings in the trash compactor and not put them on the side of the street, I suddenly broke down and cried and the police officer asked one of the maintenance men if he saw me frequently driving the area looking for my items and he said yes but claimed that he had no idea as to why. The police officer stated that the management violated multiple laws and that I should seek legal action and that I can use the camera recording as evidence in court against Weston Park Apartments. Me and my wife and son have lost all our clothes and now living out of our car. WE HAVE NO CLOTHES ,NONE OF OUR PERSONAL DOCUMENTS .I WANT JUSTICE FOR ME AND MY FAMILY PLEASE HELP US.
