Dear Walmart Gift Card Customer Service,

For reasons I cannot understand, you have taken the last \$50.01 dollars off of my WALMART GIFT card on 30 September 2023. The card was NOT inactive and the back of my card says "FUNDS DO NOT EXPIRE". The card still has a valid expiration date so why did you take my funds??? Also this card is REGISTERED.

So why were you able to use ESCHEATMENT to remove the funds off of my gift card. It is registered and THE MONEY IS MINE AND I WANT IT BACK... My current gift card is non-loadable so you will have to issue a new gift card for \$50.01.

You need to send another gift card for \$50.01 to this neutral address because the registration address is no longer my address.

Send the new gift card to John Smith PO BOX 5405 Huntsville, AL 35814. If the expiration date is still valid, WHY do you care how fast I spend it??!!

Regards
John Smith
