RE: Complaint #2024-3961

Dear Michael Keith:

This letter is to acknowledge the receipt of the aforementioned complaint. After careful review, it has been determined there is a lack of clear facts and evidence to support criminal wrongdoing and that the issues you've identified are civil in nature versus criminal. As a private citizen, you always have the right to bring forth a private action.

The information you have provided has been logged and will remain on file per the record retention laws of Arizona.

Sincerely,

Duty Agent
